

RAPID DIAGNOSTIC TEST PRODUCT LIST

JOYSBIO (TIANJIN)
BIOTECHNOLOGY CO., LTD.
world-leading lateral flow rapid
diagnostic products manufacturer

Rapid Diagnostic Test | Private Label | Uncut Sheet | OEM

ABOUT US

JOYSBIO (Tianjin) Biotechnology CO., LTD. is an R&D-focused Chinese biotechnology company that develops, manufactures, and supplies high-quality in-vitro diagnostic (IVD) rapid test kits as well as revolutionary customized reagent kits to all parts of the world. JOYSBIO was founded by a team of professionals with many years of combined technical, marketing/sales, operational and manufacturing expertise in the industry in 2010. We offer high quality but cost-effective lateral flow rapid test kits, uncut sheets, OEM, ODM, and private label service. Our rapid diagnostic test kits screen for a wide range of targets, including cardiac markers, drugs of abuse, infectious diseases, fertility, and tumor markers. Our focus is to expand our markets internationally by forming strategic alliances and entering into partnerships with distributors worldwide.

OUR VISION

JOYSBIO aims to provide the world with high-quality lateral flow IVD test products. Our cost-effective lateral flow test kits play an important role in point-of-care diagnosis and testing industry. JOYSBIO equips healthcare professional and individuals with easy-to-operate rapid test cassettes for fast and effective diagnosis of related disease and analytes.

OUR CAPACITY

JOYSBIO has more than 220 full-time employees and over 3,000 m² 100,000 class GMP facility, which allows us to produce 800,000 lateral flow rapid diagnostic test kits per day.
